1 Paris Region Rental Market in 2018

COMPLETED LETTINGS: A STRONG YEAR

- Dynamic rental market in 2018 after a record 2017, with leases signed on 2.5 million sq.m. (down 5% vs 2.64 million sq.m. in 2017), 10% above ten-year average of 2.3 million sq.m.
- After an historic first half, the economic slowdown led to a sharp drop in rental activity in Q3, followed by a tentative recovery in Q4
- The number of big ticket leases declined significantly, with 81 leases signed on 5,000 sq.m-plus units (vs 87 in 2017), a 13% fall in volume year-on-year
 - Big ticket leases continue to account for around 40% of total Paris region rental volume
- Strong demand for small and medium-sized units, with leases signed on 1.5 million sq.m. (up 1% vs 2017), 11% more than the ten-year average
- Leases signed on over 450,000 sq.m. in Paris CBD, despite shortage of available properties

FEWER IMMEDIATELY AVAILABLE PROPERTIES AND LOWER VACANCY RATE: A TIGHT MARKET

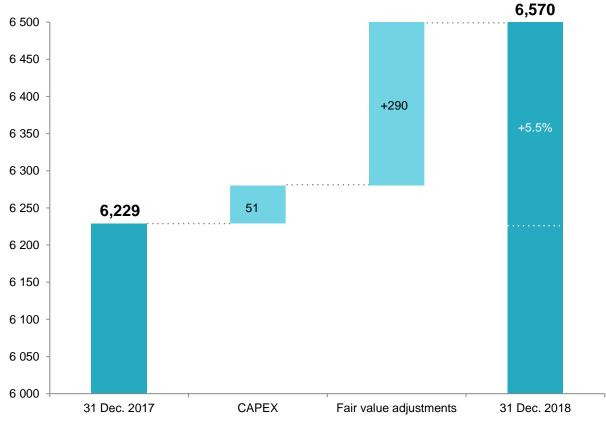

- The vacancy rate continued to fall rapidly: to 5.1% in the Paris region and to 1.4% in the CBD (vs 6.4% and 2.7% respectively at end-2017)
- Immediately available units in Paris region fell below symbolic 3 million sq.m. mark, with 2.9 million sq.m. available at end-2018 (down 15% vs 2017)
 - Decline accompanied by an increase in the proportion of new and redeveloped properties, to 20% (vs 15% in 2017), reversing the trend observed in prior years.
- Rental incentives contracted slightly to 20.7% in the Paris region, with a low of 16% in Paris itself
- Prime rental values in Paris were higher, at €810/sq.m. vs €780/sq.m. in Q4 2017 (source: JLL)
- Despite an increase in the proportion of new and redeveloped properties, the rental pipeline is stable at approximately 1.9 million sq.m.
- Growing shortage of properties expected to drive up rental values, despite the less favourable economic environment in 2019
